Profile

Detail-oriented and self-motivated college student with a strong technical aptitude and hands-on experience using computers, software applications, and technology systems. I am currently studying Web development with an academic background in Architecture, bringing strong problem-solving, organizational, and analytical skills. Comfortable providing technical support to users, troubleshooting issues, managing equipment, and working in fast-paced environments while delivering excellent customer service.

Summary of Skills

- Strong customer service skills with experience assisting diverse users in fast-paced environments, ensuring clear communication, patience, and effective problem resolution.
- Advanced oral and written communication skills, with the ability to explain technical information clearly to non-technical users.
- Exceptional troubleshooting and problem-solving abilities, including identifying hardware, software, and basic connectivity issues and escalating when necessary.
- Working knowledge of Microsoft 365 applications, including Word, Excel, Outlook, and Teams, with experience creating and maintaining spreadsheets, tracking data, and managing records.
- Comfortable installing, configuring, and updating software applications on Windows-based systems.
- General understanding of information technology concepts, including hardware components, operating systems, software licensing, and basic networking.
- Highly detail-oriented and organized, with strong multitasking skills and the ability to manage equipment inventory, documentation, and activity tracking accurately.
- Self-motivated and reliable, able to work independently or as part of a technical support team while meeting deadlines.
- Performs well under pressure in high-demand environments, maintaining professionalism and efficiency.
- Willingness to continuously learn new systems, services, policies, and procedures related to IT support.

EDUCATION

Architectural Technology

Humber Polytechnic College, Etobicoke, ON

Web Development

Humber Polytechnic College, Etobicoke, ON

RELEVANT EXPERIENCE

Bookkeeping & Administrative Support

Gas Station – Aulakh Filling Station [Faridkot, Punjab]

- Maintained accurate daily financial records, including sales reconciliation and transaction tracking.
- Created and updated spreadsheets to record revenue, expenses, and inventory data.
- Performed data entry with a high level of accuracy and attention to detail.
- Supported day-to-day operations by organizing records and ensuring compliance with internal procedures.
- Demonstrated reliability, confidentiality, and consistency when handling financial information.

Security Guard

Synergy Protection Group Inc., Mississauga, ON

- Maintain a safe and secure environment by monitoring premises, access points, and surveillance systems.
- Patrolled assigned areas regularly to prevent theft, vandalism, and unauthorized access.
- Controlled entry and exit of staff, visitors, and vehicles according to security protocols.
- Responded promptly to alarms, emergencies, and incidents, ensuring the safety of people and property.
- Completed incident reports and daily activity logs with accuracy and attention to detail.
- Assisted in crowd control and conflict of de-escalation using calm and professional communication.
- Enforced company policies, safety regulations, and site-specific rules.
- Coordinated with law enforcement, supervisors, and emergency services when required.
- Provided excellent customer service while maintaining a strong security presence.

Security Guard

Skywatch, Brampton, ON

- Monitored all the trailers and vehicles going in and out.
- Using software Yard MS to check in and out all the tractor-trailers, mechanics and visitors.
- Used to put the entries of every vehicle coming in and going out in Microsoft excel before Yard MS.
- Kept a record of Temperature Cold Chain Van.
- Read all the documents of loaded trailers coming in and told it on radio to supervisors and gave the drivers dock door or spots in the yard to park the trailers.
- Clicked the picture of the trailer if it was empty and of paperwork in case the trailer was loaded.
- Handed out paperwork to assigned drivers for loaded trailers when the dispatcher was not there or in case office was closed.

AZ Flatbed/ Dry Van Driver

- Performed local pickup and delivery of palletized freight for multiple clients on tight schedules.
- Transport LTL shipments across assigned routes, averaging 4-5 stops.
- Operate flatbed and step-deck trailers, hauling diverse loads, including steel, lumber, machinery, and oversized freight, across regional and long-haul routes.
- Planned and coordinated routes for oversize load transportation.
- Expertly tarp and secure loads including steel coils, lumber, machinery, and oversized freight, adhering to DOT safety regulations.
- Experienced with roll-tight (curtain-side) tarping systems, ensuring weather-tight coverage while maintaining efficiency and safety during loading and unloading.
- Secure loads using chains, binders, straps, and edge protectors, in full compliance with DOT and FMCSA regulations.
- Routinely inspect tarping systems, ensuring mechanical functionality and load protection.
- Skilled in backing into tight docks and navigating rural, urban, and industrial delivery locations.
- Maintain clean driving record with zero at-fault incidents and consistent on-time deliveries.

AZ Dry Van/ Reefer Driver

- Delivered auto parts across Ontario and the U.S., ensuring timely transport and compliance.
- Transported perishable goods on multi-state routes with refrigerated trailers under strict temperature control.
- Monitored reefer unit settings to prevent spoilage and maintain product quality.
- Coordinated pickup and delivery schedules to achieve punctual performance in accordance with food safety standards.
- Conducted thorough pre-trip and post-trip inspections of tractor-trailer systems for operational safety.

Independent Photography Practice

- Practicing photography with a focus on composition, lighting, and visual balance.
- Photographing buildings, interiors, streets, and everyday spaces.
- Editing and organizing images for personal use and portfolio development.
- Studying real estate and architectural photography techniques online.
